Peggy,

We have reviewed the revised supplemental drug rebate agreement (SRA) template and amendment template submitted to CMS by West Virginia. We do not consider the changes to be substantive and there the State is not required to submitted a State Plan Amendment (SPA).

We are please do to inform you that the attached SPA is approved as it continues to be consistent with the objectives of the Medicaid program. This approval extends to the revised SRA and amendments attached to this correspondence. The revised documents will replace the current SRA documents previously approved by CMS. Subsequent changes made to the supplemental drug rebate agreements, amendments or exhibits should be submitted to CMS for review and authorization.

The Philadelphia Regional Office is also being notified of this SRA revision.
