

SSDC OFFER SUBMISSION FAQ

1. How many states are members of the SSDC Pool?

As of January 1, 2020, there are thirteen states participating in the SSDC pool. These states include Delaware, Iowa, Maine, Mississippi, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Utah, Vermont, West Virginia, and Wyoming. That number may change as the Sovereign States Drug Consortium encourages the participation of new states. Change Healthcare will notify all manufacturers with current submitted offers when a new state has joined, and all current offers will be extended to that state.

2. Is there one bidding process for all the states?

During bid negotiations and prior to contracting, Change Healthcare will discuss any state-specific terms with the manufacturer.

Only one offer needs to be submitted. Manufacturer offers are extended to all SSDC states that are interested at the onset or any time in the rebate calendar year.

3. How do I submit a bid?

Manufacturers are encouraged to submit an offer through our available electronic offer system, eROMS, using this link:

<https://rxssdc.org>

eROMS provides a secure method to submit, document, and track offers so that they can be managed in an efficient and accountable manner.

Manufacturers who are unable to submit offers utilizing the electronic offer system, should contact Change Healthcare to discuss. In rare exceptions, we allow manufacturers to submit manual offers using the SSDC Manual Offer Spreadsheet.

4. Who do I contact if I have questions about offer submissions or the process?

If you have any questions, contact Change Healthcare via email at rxoffers@rxssdc.org. One of our Supplemental Rebate team members will respond within 48 hours.

5. What do the tiers represent?

The tiers are the equivalent of preferred brand levels in a Therapeutic Category. Offers should be made assuming that a state would manage products as follows:

- Tier Level 1: One exclusive product
- Tier Level 2: Two co-preferred products
- Tier Level 3: Three co-preferred products
- Tier Level 4: Four or more preferred products.

6. What do I need to do to submit an offer electronically?

To submit an offer electronically, go to <https://rxssdc.org> and register in eROMS as a Manufacturer. Once approved as a valid user, log in to the system using the system generated username and password. Products for the registered labeler will be available under the “Manufacturer Offer” page, to bid.

7. If I am given the opportunity to submit an offer manually, how do I fill out the offer form?

A completed example of the offer form is located on the last page of this document.

Column Name	Instructions
Product Description	List the description of your product along with the package size.
AWP and WAC columns	List the AWP or WAC per unit. For test strips and lancets, divide the box AWP and WAC by the number of individual units in the box. States require the calculation to be completed in this way because they process these products through their POS at the unit rates.
% WAC or GNP Offer Rate	List the offer percent as a decimal or the GNP being offered for that tier. %WAC offers are entered at two decimal places, while GNP offers are entered at four decimal places.
Calculated Offer Unit Amount	Calculate the unit amount using the formula chosen for the offer submission. Example: If you submitted a five percent of WAC offer, then calculate the amount using the following formula: WAC (most recent reported WAC) x .05 = calculated offer unit amount.
Offer Comments	This field should be used to convey offer details, such as: <ul style="list-style-type: none">• Meter procurement methods available;• If your company needs additional documents to set up procurement methods (call centers/ websites); and• Any offer enhancements or restrictions that States will need to consider when evaluating the offer.

No additional contingencies may be added once the negotiations are completed. Be sure to note any restrictions related to your bid in the offer comment field.

8. What are the Supplemental Rebate offer contingencies?

The SSDC guarantees that any and all offers submitted will be treated accordingly:

1. SSDC member state populations will be limited to Medicaid.
2. Except as otherwise may be required to be disclosed by law or judicial process, offers will be held confidential, whether accepted or not.
3. Offers accepted by SSDC States as of the close of negotiations are binding between the Offeror and an SSDC State once approved by said State's drug review committee and/or said State's Medicaid Director or other designee.
4. Offers that are received from Manufacturers that are currently not in good standing due to either nonpayment or substantial underpayment of rebates (Federal and/or State Supplemental) shall not be considered.
 - a. Nonpayment of rebates means the failure to pay any rebates to an SSDC State for the calendar year in which the offer was due.
